To all of those, living or dead, who have gone out from Bagley in defense of our country, we, the seniors, dedicate the *Cardinal* of 1952. It is these young people who have made it possible for us to have a hope-filled tomorrow.

THE DIRECTOR

LUTHER D. BROWN
Principal Bagley School

Bagley School
Tahlequah, Oklahoma

CONGRATULATIONS ON THE 1952 CARDINAL!

I am sure that as you enjoy this book, both today and in the years to come, that you will remember, as I do, only the good things which happened in our school this year. It is the happy remembering which makes our yearbook worthwhile, isn't it?

No finer boys and girls exist than those who attend Bagley School. It is a pleasure for me to watch your growth from the time you come to us until the day of your graduation. To those of you who are graduating, we want to say "Give of your best to your community and nation just as you have given of your best to Bagley. We want to be proud of you as alumni as we have been as students."

Seniors, Annual Staff, and Sponsors, your task in producing this yearbook has been difficult. I hope that you are as proud of your efforts today in producing "THE HEART OF BAGLEY" as is the student body of our school.

Sincerely,
Luther Brown

The William C. Bagley Chapter of the National Honor Society is composed of students who maintain a "B" or above average in their scholastic work, and who are considered by the faculty and the students to possess three outstanding qualities: leadership among fellow students; service to the school and the community; and worthy character.

Above are pictured the members of the organization, with the exception of Lea Alice Dunlap, who was absent when the pictures were made, and who is included in the group below. Pictured individually are the new initiates of the organization. Their identity is kept secret until the time of formal tapping early in the spring.
